FIRST WEEK IS FREE TO TRY !

ABOUT JUNIOR LEAGUE

Laser Sporting is surprisingly athletic and a huge amount of fun. It's perfect for kids who are not in to traditional sports, and a great way to get kids active.

The difference between Junior League and regular Laser Tag, is that you get to experience Laser Tag as part of an organised team. Upon completion of your first season you will have developed new skills, and your ability to work within a team.

Junior League caters for ages 8 to 14, so it is the first stepping stone in to the world of Laser Sporting. We have a number of experienced players who help guide new players as they develop their Laser Tag skills.

Junior League is played on Wednesday afternoons from 4pm - 6pm. The season runs for 10 weeks during the school term and breaks for school holidays.
