## HOW IT WORKS

Are you organising a special event, and looking for something exciting to keep your crowd entertained? Laserzone has a simple and super fun, fully equipped mobile Laser Tag setup that comes with experienced staff, arena and the top of the line Laser Tag equipment, delivered to your doorstep and operated by trained people.

We can play a variety of game formats, including our popular 4v4, 'capture the flag' style of game that fits in to a gymnasium, basketball court or room such as a seminar room, class room or hall. All you need to do is provide a powered space of around 12m x 8m, or an open area where we can set up our undercover playing area.

We pump the music and MC the event to maintain a great atmosphere and keep your crowd entertained. Being an open format arena, it is great for spectator viewing. Typically games include 8 players at a time, and go for about 5 min per game. This helps cycle many players through the Laser Tag in a 2 or 3 hour period.

We use professional level Laser Tag equipment with super strong lasers providing participants with accuracy, reliability and comfort.

## SUMMARY

An indoor, powered space of at least 12m x 8m is required. A smaller space may be adequate with prior arrangement

We provide arena, staff and Laser Tag packs for the duration of the booking, which is a minimum of 2 hours

Approximately 50 people can be accommodated and will get several games in a 2 hour session. Games are typically 4v4. Spectators can watch and cheer for their friends.

We give out Laserzone passes to all participants to receive discount entry to our main venue at 561 Gympie Rd, Lawnton.

For pricing information contact [mobile@laserzone.com.au](mailto:mobile@laserzone.com.au). A deposit \$200 is required to secure a booking.
